

Dear GABOC AKC S.T.A.R. Puppy Class Enrollee,

This is an exciting time for you and your puppy, and we look forward to embarking on the journey with you!

Bring questions, a hungry puppy, and a variety of soft treats with you to our first class on \_\_\_\_\_.  
We request that you do not feed your puppy his evening meal until after class on training nights. Your puppy should be in a collar and on a leash (no flexis, please). Our goal is a happy and safe experience for you and your puppy.

Please wear shoes that do not limit your mobility (flip flops and heels do not tend to work well for training).

Please only allow your puppy to socialize with puppies in his class. Puppies lack good canine skills and contact with unfamiliar adult dogs will put them at risk.

Please do not hesitate to email any questions to me, either in advance of class, or at any point during the session.

Cheri Nicholas
