A note from the President's Article Bag

I can't believe it but June is right around the corner. This means about four more weeks of training before the July break. We have a lot of new members so it is worth explaining as to why we break. Of course we train at the fairgrounds. Set up for this event is done in advance so it is best we clear out. Fourth of July is never a great time to train with all the crazy fireworks, it is hot in the summer, and it is a nice break for a little time off for the dedicated trainers. After the fair, it is good to have some time also for the place to "air out". Let's be honest, the fair attracts flies and it is tough on the dogs!

Members have been so busy! Many thanks to Candy Ellis, Pat Senne, and Carol Moen who have been hard working on preparations for our annual awards dinner Sunday June 4. This is a special night to honor the teams that have achieved their titles, represented their breed, and our club so well! It's a great night to reconnect with old friends, make new ones, share stories, and enjoy a great night! Our Hall of Fame Album will be there for all to see- always a treat. I hope everyone will come and make it a great night for Glenbard. Candy is also gearing up for the annual picnic. Look for more details to come from Candy! Classes are cruising along! Teams are learning so much! Thanks to the efforts of ALL THE TRAINERS! It is such a pleasure seeing all the progress they make- seeing them grow! We hope to see teams start to compete soon for their Novice A and more teams to join in the fun of competing in Open. Members who have not been back in a while are back in classes- welcome!!!

Our last fun match had a great vibe. We had more than enough volunteers for judging and stewarding which enabled me to greet and direct new competitors to their ring and share the GABOC spirit. What fun! Thank you to everyone who participated! Keep up the good work everyone and see you ringside!

Windy's Brag

Windy and I went to the American Rottweiler Club National Specialty at Purina Farms in Gray Summit, MO. May 22-26th. We competed in Preferred Open and Preferred Utility. She took a first place in P. Utility earning the highest scoring Rottweiler in the Preferred classes the first day of competition (near misses on other Q's by just "a down". That's okay, Windy!) and a second place in P. Open day two. Purina Farms is a HUGE venue. Conformation and Agility were in full swing while she was working and the "whoot whoots", clapping, and the barking from the agility ring was so loud, it was quite the challenge for the working dogs. Handlers at times could not hear the judges direction. But is it still an amazing place to be!

Thursday night was the annual awards dinner where she received her certificates and medallions for earning the #1 Rank for the AKC & ARC Rottweiler in Preferred Utility and Preferred Open for 2022- the second year in a row!

Friday was the Parade of Title Holders where teams were announced with their titles, allowed to "parade" in the ring while a bio was read about our dogs written by the handlers. Unfortunately the ribbons did not arrive in time but my friend Juli Rowlett stayed until Saturday and was able to bring mine back to IL. I have not seen it yet it person but I have been told it is worth the wait- thank goodness for digital pics!!! This is what I wrote about Windy:

Windy- she is my center, my Sweetest Girl! So much more than my obedience partner. Windy's eyes reflect deep emotions that others beyond me have noticed- a unique connection, expression and a love that is said to be above and beyond and I agree! She reads my mind, plays jokes on me, and SMILES when she is happy! Friends say we are a perfect match. Windy and I have achieved so much in the ring but more so represents her breed well always, loves kids, greets her human friends warmly, and won't hesitate to pick their pockets for treats! I will be forever grateful to have her in my life- every day "is a Windy day" for me- love her more than words can say.

Thank you GABOC and the Medallion Rottweiler Club for all your support over the years in Windy's journey. And Windy says "Thanks, Mr. Dave for helping my mom get me always off on the right paw". And our journey continues...

Windy's Mom Says

As just coming back from the American Rottweiler Club Nationals- time to reflect.

If you have not, join your breed club and go to your regional and national shows as much as possible. The excitement of being around like minded people, sharing and comparing experiences, and learning from each other is indispensable. Study the other handlers in all the disciplines that are offered. Windy and I spent hours watching agility and FastCat. Not our gig but we certainly did learn. We spent hours watching conformation, and seeing if our picks matched the judges- interesting for sure! Take time to LISTEN to others.

Getting your dogs out- take your dogs for hotel stays so they learn the ropes of being in different places, accepting noises, and helping you to know that they will be "okay" in the crate in the hotel room so you can go to dinners, etc when they are young before you compete. Take them to loud and challenging places for practice. This will help them be prepared for dealing with the large arenas that we simply cannot proof for in our classes.

Enjoy the show, trials, network, and LEARN!

Joan & Windy with Mars and Blue too!

The Cat's Diary

Day 983 of My Captivity

My captors continue to taunt me with bizarre little dangling objects. They dine lavishly on fresh meat, while the other inmates and I are fed hash or some sort of dry nuggets. Although I make my contempt for the rations perfectly clear, I nevertheless must eat something in order to keep up my strength.

The only thing that keeps me going is my dream of escape. In an attempt to disgust them, I once again vomit on the carpet. Today I decapitated a mouse and dropped its headless body at their feet. I had hoped this would strike fear into their hearts, since it clearly demonstrates my capabilities. However, they merely made condescending comments about what a "good little hunter" I am. Bastards!

There was some sort of assembly of their accomplices tonight. I was placed in solitary confinement for the duration of the event. However, I could hear the noises and smell the food. I overheard that my confinement was due to the power of "allergies." I must learn what this means, and how to use it to my advantage.

Today I was almost successful in an attempt to assassinate one of my tormentors by weaving around his feet as he was walking. I must try this again tomorrow, but at the top of the stairs.

I am convinced that the other prisoners here are flunkies and snitches. The dog receives special privileges. He is regularly released, and seems to be more than willing to return. He is obviously retarded. The bird must be an informant. I observe him communicate with the guards regularly. I am certain that he reports my every move. My captors have arranged protective custody for him in an elevated cell, so he is safe. For now ...

Thank You Laura Plasketes

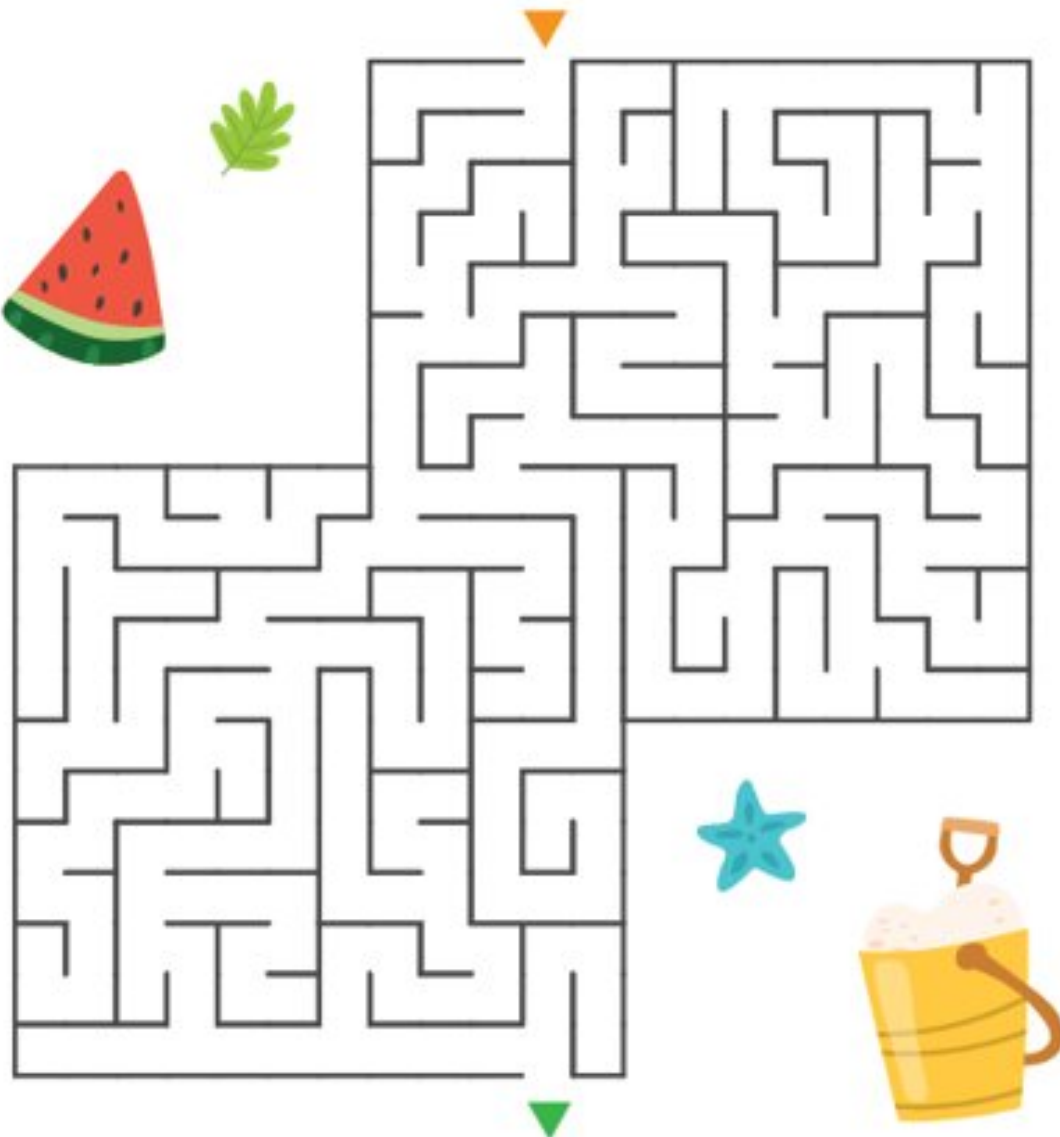

FUN FACTS ABOUT SAMOYEDS

- ▶ Most people pronounce the name “suh-MOY-und,” although others prefer variations such as “SAMmy-ed,” or “Sam-a-YED.” Others just like to call them “Sammies.”
- ▶ The lips on a Samoyed naturally curl up, forming the “Sammy smile.” It’s not just cute but useful: The upturned lips prevent drooling, so icicles won’t collect on their muzzles when the temperatures nosedive.
- ▶ The Samoyed’s white, cream, or biscuit coat consists of a dense, wooly undercoat and long, silver-tipped guard hairs. The thick undercoat can be carded, spun, and knit into cozy sweaters.
- ▶ Queen Alexandra of the United Kingdom became an enthusiastic fan of Samoyeds when she was gifted a dog from the Czar of Russia.
- ▶ Aika, a one-year-old Samoyed, escaped from her home on the Arctic coast in June 2021 and wandered the ice fields for more than a week before being rescued by a Russian icebreaker.
- ▶ According to DNA analysis of the canine genome, Samoyeds are one of 14 breeds identified as “ancient,” and closely related to wolves.
- ▶ A Samoyed who lived in California during the 1950s, Rex of White Way, was involved in more than 30 human rescues and served as a lead sled dog in the mail run that scaled the 7,200-foot Targhee pass on the border between Idaho and Montana.
